

The diagram illustrates a network architecture. At the top, a rectangular box labeled "Server" is connected by a vertical line to a central cloud-shaped icon labeled "Internet". To the right of the "Server" box, a horizontal arrow points left towards it, with the numeral "105" positioned above the arrow. From the bottom of the "Internet" cloud, three diagonal lines extend downwards to three separate rectangular boxes, each labeled "Client Terminal". To the right of the "Internet" cloud, a horizontal arrow points left towards it, with the numeral "120" positioned above the arrow.

The image is a screenshot of a web browser window. The title bar at the top reads "Site Definer - Microsoft Internet Explorer". The address bar shows a file path: "file:///C:/inetpub/wwwroot/asp/192907336685024665_348723726394415_92907336685024665_current1...". The browser window displays a website with a dark, textured background. On the left is a vertical navigation menu with links: Home, Who We Are, Artists, Calendar, Reviews, The Shop, Contact Us, Fan Club, Prices, News, FAQ, Links, and Search. The main content area is titled "Who We Are" and contains several paragraphs of text, some with placeholder text like "(YearEstablished)" and "(CompanyName)". There are also three images: a drawing of a puppet, a photograph of a stage with a large fan-shaped light fixture, and a photograph of a crowd. The browser's status bar at the bottom shows the file path and a small "Internet" icon.

Normal Times 10 Alignment

We put pizzazz into new product launches.

We add spice to banquets.

We subtract the boredom from sales conferences.

We multiply the fun and games at all kinds of other private and corporate events, too. Then we divide the profits among ourselves.

We've been doing all this around St Louis since 1991.

sales conferences.

at all kinds of other private and
divide the profits among ourselves.

We've been doing all this around St Louis since (YearEstablished).

After all, (CompanyName) is not your average comic, song, dance,
juggling, puppet, magic and balancing act show. No sirree. We've
performed for audiences as far away as Glasgow, Scotland and
appeared on network television.

We've won quite a few local awards, too.

And there are reviews here to prove we're not making all this stuff up!

The screenshot shows a Java applet window titled "Online Store Maintenance". The interface includes a left sidebar with "New Store" and "New Product" links. The main area is titled "STORE DETAILS" and contains several sections:

- A top navigation bar with radio buttons for "Store", "Countries", "Shipment Methods", and "Payment Methods".
- A "Name:" field containing "New Store" with a callout 3310 pointing to the text.
- A "Color Scheme:" dropdown menu set to "Default" with a callout 3315 pointing to the dropdown.
- A text area for a "Message to be displayed after an order has been placed" containing "Thank you for your order." with a callout 3320 pointing to the text.
- An "Add Product Category" section at the bottom with a "Name:" field and an "Add Category" button, with callouts 3345 and 3350 pointing to the field and button respectively.

 The bottom of the window has "Up" and "Down" buttons and a "Warning: Applet Window" message. Numbered callouts 3305 through 3350 are overlaid on the image, pointing to various UI elements.

Is your history or background an important selling tool?

Background

Entertainment is in our blood. Literally

- Art Simon and Doug Zimmer grew up in show-business families.
- Pauline Aaron and Lou Schmidt started performing in public before they even knew there was a difference between applause and applause.
- Sandra Dorobas entertainment career began in junior high school.

Between us, we have four degrees in music, two graduate diplomas in drama and a certificate of proficiency in scuba diving (don't ask).

We're all full-time, professional entertainers with one mission in mind: to show your party-goers or companys guests the time of their lives.

The screenshot shows the 'Image Definer' web application in a Netscape browser window. The address bar shows 'http://172.30.100.150:4080/image_definer/def.html'. The interface includes a 'Go Back' button, a 'Copy an Image Set' section with a 'From Framework' dropdown (set to 'icon1') and a 'From Existing Image Set Name' input field, and a 'Create New Image Set' section with a 'New Image Set Name' input field and an 'Add New Image Set' button. Below these is a table titled 'Display Image Sets on the Framework' with columns for 'Name', 'Icon', and 'Action'. The table lists several image sets, including 'Davidson', 'Black Box', 'Corporate', and 'Corporate Imagery'. Handwritten annotations in black ink are present throughout the image, including numbers (4105, 4110, 4115, 4120, 4125, 4130, 4140, 4145, 4150, 4155) and arrows pointing to specific UI elements like the 'Copy' button, the 'Add New Image Set' button, and the table rows.

The screenshot displays the 'Edit Image' interface of the ClickThings.com web application. The browser's address bar shows the URL: <http://www.clickthings.com/servlet/MainServlet?vc=EditPage&o=95771604636316>. The interface is titled 'Edit Image' and includes a 'Colors' button in the top right corner.

The main editing area contains several sections:

- Update the following image attributes:**
 - Align text to image:** A dropdown menu is set to 'None', with the number '5905' to its right.
 - Select one of the options below to link image:**
 - ☐ None
 - ☐ This web address: A text box contains 'About_Us', with a large right-pointing arrow and the number '5910' to its right.
 - ☐ This local page:
 - ☐ This email address:
 - Resize image:** The width is set to '5915' and the height to '70', with the text '% (maximum size = 100%)' to the right.
- Replace image from the image library or choose an image from your PC:**
 - File:** A text box contains '5920', followed by a 'Browse...' button and the number '5922'.
 - Below this, there are two icons representing image libraries. The first is labeled '5925' and 'GENERAL Image Library'. The second is labeled '5927' and 'YOUR Image Library'.
- Advanced Text Rendering Attributes:**
 - Text:** A text box is empty, with a 'Colors' button to its right.
 - Font Size & Type:** The font size is set to '8' and the font type is 'Albertus Extra Bold Regular'.
 - Alignment & Offset:** The alignment is set to 'Horizontal' and the offset is '10'.
 - Alignment & Offset:** The alignment is set to 'Vertical' and the offset is '10'.

A large right curly bracket groups the 'Advanced Text Rendering Attributes' section, with the number '5930' to its right.

The Windows taskbar at the bottom shows the following open applications: Start, WORLDWIDE, GroupWise - Mailbox, Microsoft Word, ClickThings.com, ClickThings - Micro..., and a web browser showing the current URL. The system clock indicates the time is 5:53 PM.

A screenshot of a web browser window titled "Definer Trial Interface - Microsoft Internet Explorer provided by America Online". The browser's menu bar includes File, Edit, View, Favorites, Tools, and Help. The toolbar contains icons for Back, Forward, Stop, Refresh, Home, Search, Favorites, History, Mail, Print, Full Screen, and Encoding. The address bar displays the URL "http://www.clickthings.com/Servlet/MainServletCore?wframeset=frame.webdefiner.menu". Below the address bar is a "ClickThings.com" banner with buttons for Customize, Personalize, Design, Edit, Preview, and Publish. A "Click Here For Help" link is also visible. The main content area of the browser is obscured by a large, dark, diagonal rectangular block, likely a redaction or a placeholder for content that is not visible in this view. The status bar at the bottom shows the system clock as 5:56 PM and the taskbar includes icons for Start, Word, GroupWise, Mailbox, Microsoft Word, ClickThings.com, and Definer Trial Interface.

ABC, Inc.

About Us For Sale For Lease Our Services Contact Us Search

ABC, Inc. has been developing, leasing and selling properties since 1987.

In that time we've helped thousands of businesses, families and individuals move into premises perfectly suited to their needs.

When we sell properties, we do so only when they are completely finished to the satisfaction of both our clients and us; when we lease properties, we constantly monitor their condition and ensure the leasees are satisfied; when we manage properties on behalf of clients, we do so with the same care and effort we would if they were ours.

ABC, Inc. is committed to developing, leasing and managing quality properties at the right price. *Development is not only our business, it's our pleasure.*

.....

Please take a moment to look around our web site. *You'll learn about us, our staff and the services we offer.* Then have a think about what ABC, Inc. can do for you.

FIGURE 70

```
graph TD; Start1(( )) -- "Get Edit HTML" --> D1{Does the DXC have an Edit interface?}; D1 -- "Yes" --> E1[Invoke Edit Interface]; D1 -- "No" --> D2{Does the DXC have a Preview Interface?}; Start2(( )) -- "Get Preview HTML" --> D2; D2 -- "Yes" --> E2[Invoke Preview Interface]; D2 -- "No" --> E3[Invoke Runtime Interface]; Start3(( )) -- "Get Runtime HTML" --> E3;
```

The flowchart illustrates the logic for invoking DXC interfaces. It starts with three entry points (circles) on the left. The first entry point leads to a decision diamond: "Does the DXC have an Edit interface?". If the answer is "Yes", the flow proceeds to a process rectangle: "Invoke Edit Interface". If the answer is "No", the flow proceeds to a second decision diamond: "Does the DXC have a Preview Interface?". The second entry point also leads to this second decision diamond. If the answer to the second diamond is "Yes", the flow proceeds to a process rectangle: "Invoke Preview Interface". If the answer is "No", the flow proceeds to a final process rectangle: "Invoke Runtime Interface". The third entry point also leads directly to this final process rectangle.
